# YARWAY | EMERSON **JOHN H. CARTER IS NOW THE YARWAY REPRESENTATIVE**

John H. Carter Company is pleased to announce our representation of Yarway Steam Products in the Gulf Coast states of Louisiana, Arkansas, Mississippi, Alabama and on the Florida Panhandle.

## YARWAY STEAM SOLUTIONS

Yarway offers a broad portfolio of proven and reliable solutions for a wide range of steam generation and distribution applications. With over 100 years of steam expertise, our solutions are designed to support safe and efficient operation of steam systems. Our robust portfolio includes Yarway Steam Traps, Yarway ARC Valves, Yarway / Penberthy Boiler Trim and Yarway Wellbond & Blow-off Valves.

### YARWAY STEAM TRAPS

Yarway steam traps are used for removing condensate from heat tracing lines or other steam equipment.

- Broad steam trap portfolio for a wide range of pressure and condensate load requirements
- Robust offering for drip, tracing and process applications
- In-line replaceable solutions ensure ease of maintenance

### YARWAY ARC VALVES

The ARC Valves provide minimum flow required to prevent overheating in centrifugal pumps.

### YARWAY BOILER TRIM

ASME Section I gauges and electronic indication for boiler level.

### YARWAY WELLBOND & BLOW-OFF VALVES

Used for high-pressure vent, drain and isolation applications and for intermittent and continuous blowdown.

### YARWAY STEAM TRAP MANAGEMENT SERVICES

Emerson experts can conduct steam trap surveys or utilize

our wireless steam trap monitoring solution to ensure proper steam trap operation and minimize steam loss.
